

## Brentwood Half Marathon Road Closure Summary

Please find a list of the approved road closures for the event.

The organisers will ensure access is maintained for residents and services, however there will be short periods where large numbers of runners will be on the roads and some delay should be expected.

The Half Marathon starts at 10.00am but road closure orders operate earlier to facilitate set-up.

During these times there are no runners on the road and access for residents will not be an issue.

All diversions will be clearly signed and are designed to ensure you can get to your destination as quick as possible.

We apologise for any delays, but I am sure you will agree that the benefit of this event to good causes (around £250,000) is well worth the inconvenience.

Roads Affected	Type of Closure	Diversion Plan	TTRO Ref
